Concert Group Sets Drive for Members

The annual Kickoff Dinner, beginning the Canyon Community Concert Association's membership drive, will be held Sunday at 8 p. m. in the home of Dr. and Mrs. Ples Harper. All workers are expected to attend the dinner.

Mrs. Mary Kelly of Alexandria, La., will be guest speaker at the dinner and will supervise the membership drive, which will be conducted from October 5 to October 11. This will be Mrs. Kelly's second season to work with the Canyon Community Concert Association in Canyon. She was here in 1957.

Membership in the association will admit the holder to three or four concerts during the 1959-60 season. The concerts are held in the West Texas State College audi-

torium, and are attended by members only.

Two Artists Selected

The coming season will be highlighted by two outstanding artists, who have already been selected by the board of directors. Other artists will be selected after the membership drive.

"One of the most exciting contraltos in the field," Elena Nikolaidi, will appear in Canyon in January, 1960. Mme. Nikolaidi has charmed audiences both here and abroad as guest artist with the Metropolitan, American, and Vienna State Operas.

She has given recitals on the world's major concert stages and has appeared with such orchestras as the New York Philharmonia, Philadelphia, Boston, Chicago, Los Angeles, and St. Louis Symphonies. During the forthcoming season she will make her debut concert tour of Israel and will appear in a recital with the Symphony Orchestra in Scandinavia.

Violinist Rabin Coming

Michael Rabin has been selected to appear in Canyon March 9, 1960. Many critics in many languages have called 23-year-old Rabin "a master of the violin" and have placed him among the ranks of famous artists two and three times his age. The extent of his concert tours has made him the most traveled American violinist of his generation.

His last season's schedule included his eighth transcontinental North American tour, his fourth extensive European tour, and his second tour of Israel. In this country, Rabin has played repeatedly with all the greatest orchestras on the leading concert courses and major summer series. He has recorded a major film soundtrack (MGM's "Rhapsody"), and has performed innumerable times on radio's Telephone Hour, as well as other network radio and television programs.

Dinner, Bazaar Set Sunday at VFW Hall

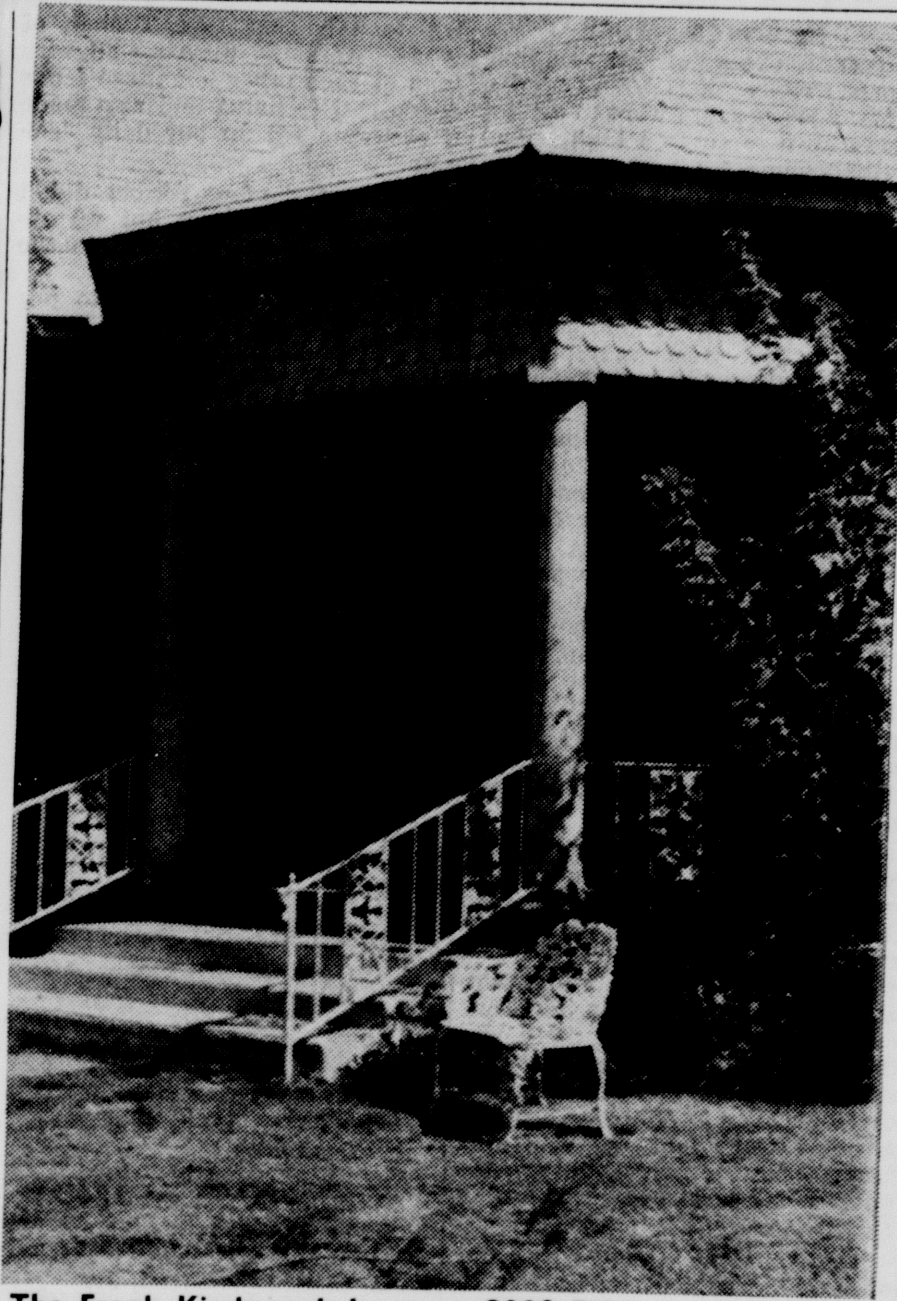

St. Ann Catholic Church's annual chicken and ham dinner and church bazaar will be held Sunday at the VFW Hall in Canyon.

Fried chicken and baked ham will top the menu for the annual fund raising event. Proceeds will go to the church building fund. Serving hours are from noon to 2 p. m. and from 5 to 7 p. m. Women of the parish are preparing the food, which includes vegetables, cakes, and pies.

Tickets, which may be purchased from any parishioner, sell for \$1.50 for adults and 75 cents for children between the ages of six and 12, with pre-school age admitted free.

Men of St. Ann's are preparing games for the children and adults for the afternoon and television sets will be available for those who wish to watch TV.

A steering committee composed of Mrs. Joe Frank, Mrs. Ed Sydzloski, and Tony Simon has charge of the dinner and bazaar. Mrs. Frank is chairman of the committee.

The Frank Kimbrough home at 2000 Fifth Avenue will be one of the featured homes on the Home Tour, scheduled Sunday afternoon. The Kimbrough home is a bright yellow, surrounded by a white fence. Inside it is furnished with antiques. Tickets for the tour may be purchased for \$1.

Local Homes, Cabins Featured In Tour

The annual Home Tour, sponsored by the Junior Woman's Book Club, is scheduled Sunday from 2:20 until 5:30 in the afternoon. Homes in the tour are R. A. Neblett, 1100 Fifth Avenue, J. Manly Bryan, 2404 Eleventh Avenue, W. J. Wooten, Jr., 2500 Twelfth Avenue, Frank Kimbrough, 2000 Fifth Avenue. Owners of the cabins at the Canyon City Club are W. W. Stout, R. P. Jarrett, Jr., and Conway Kuykendall.

Members of the Canyon Garden Club will make floral arrangements at the different homes. Mrs. D. M. Foster and Mrs. Mark Foster will make arrangements at the Jarrett cabin, Mrs. C. C. Callaman and Mrs. Bill Downing at the Kuykendall cabin, H. R. Fulton, Jr., at the Stout cabin. Mrs. A. H. Prichard and Mrs. Alfred Bellah at the Neblett home, Mrs. K. E. Hines and Mrs. Charles Hillier at the Kimbrough home, Mrs. Levi Cole and Mrs. T. A. Black at the Bryan home, and Mrs. Clyde Warwick and Miss Darthula Walker at the Wooten home.

Each cabin and home carries out a theme in the furnishings. The Nebletts have furnished their home with traditional furniture. Italian provincial with early American is used by the J. Manly Bryans and the W. J. Wootens. Antiques with traditional furniture are featured at the Kimbrough home.

The Jarrett cabin is modern and compact, while the Kuykendall cabin is rustic. The Stout cabin features an early farmhouse style in its story and a half barn-red appearance.

Cost of the tour is \$1. Tickets may be obtained from any member of the club or by phoning OL5-3123 or OL5-2659. Refreshments will be served at the Wooten home.

Only four of the many entries in this week's football contest predicted the Dumas upset of Canyon as E. T. Cummings, Randall County auditor, won the \$5 merchandise certificate for picking the most winners.

Cummings, although missing on the Canyon-Dumas tilt, chose 16 correct winners. It was his first time to win the contest this year. The contest, sponsored by 16 Canyon business firms, can be found elsewhere in today's News.

Only Gates 1 and 2, at the southwest and northwest ends of the stadium, will be open for Eagle fans attending the game, Superintendent Joe Gibson said Tuesday.

Nowhere in the west will this bring more dramatic results than here on the Great Plains which most of you call home. For more than a century, much of the industrial development of a nation has passed this region by.

"Here—in the next half-century—men will fashion some of the history's greatest works: to water the plains, to build an industrial complex upon the hydro-carbons of your natural gas, to support and sustain great new cities. You will be privileged to share in this and be the moving forces behind this. I envy you the opportunity and the promise," Johnson said.

Stadium Dedicated
Following the address by Senator Johnson, Richard F. Stovall, member of the board of regents for Texas State Colleges, dedicated Buffalo Stadium. Stovall was introduced by Henry Sears of Hereford, president of the board of Regents.

Congressman Walter Rogers of Pampa introduced Senator Johnson, saying that he would like to introduce the Senate majority leader as president, but "that will have to wait until 1961."

Commissioners Redivide County Voting Precincts

Creation of three new voting precincts highlighted Monday's meeting of the Randall County Commissioners Court.

The court also heard pleas by B. E. McCormick, precinct 1 commissioner, to divide the \$80,000 on hand in C. Y. Johnson's precinct 4 with precinct 1 and to give some stockpiled caliche to the City of Canyon.

Redistricting of the voting precincts was caused by the recent redistricting of county commissioners' precincts. New commissioners' districts split voting boxes, and re-alignment was necessary to make boxes fall within commissioners' precincts.

Canyon Area Changed
Most of the changes were in the Canyon area, since the city was split by precincts 1, 2, and 3 in the recent county re-alignment. Voting boxes in precincts 2 and 4

also were split, requiring a redistricting of voting precincts.

Voting boxes created were 16 and 18 in precinct 4, Johnson's district, and 17, which includes a part of Canyon, in precinct 2. Clarence Beckman is precinct 2 commissioner. Lines for several other precincts were redrawn.

A map is being readied by the county clerk's office to show the changes.

McCormick's Plea

McCormick based his plea for division of Johnson's money on the redistricting of commissioners' precincts. Before the re-alignment, Johnson was commissioner for area now in McCormick's precinct.

Johnson said he saw no reason for a division since both started the year with the same amount of funds. Both received 30 per cent of road and bridge funds.

Beckman said re-allocation might be necessary, but should await study of mileage, population, and other factors in the precinct.

In his other plea, McCormick sought to give the city some caliche stockpiled in appreciation of the city's having put a new surface around the court house.

Paid With Tax Money

Johnson's objections were based on the grounds that the caliche had been bought by tax money from people all over the county, not just from Canyon.

A. W. Lair, county criminal dis-

trict attorney, was ordered to file condemnation suits against Harley L. King of Tulla; Muri C. Wood of Berger; Walter T. Haley and Roy V. Haley, both of Happy. The defendants own property needed to extend FM 1541 south to the county line and to pave the road leading to the Christian Church camp in Ceta Canyon.

Members of a citizens committee appointed by the commissioners to study tax evaluations appeared to ask specific instructions.

Each commissioner is to choose two sections of farm land representing dry land, irrigated land, and pasture land, and two examples of city residential property in the \$10,000, \$25,000, and \$75,000 brackets. The committee will make a spot check on the property to determine if another study should be made.

Members of the committee are George Grogan, chairman, Ben Stone, Jr., Clay Cooper, Walter Graham, and Travis Payne.

Coach Skeptical Of Buff Chances

West Texas State will invade Denton Saturday night to open North Texas State's home season and Coach Clark Jarnagin of the Buffs couldn't feel any more pessimistic about a football date.

"The Eagles are loaded, and I do mean loaded," said Coach Jarnagin. "Our scouts tell us North Texas could play on a par with anyone in the Southwest Conference this year, and could probably win the conference."

North Texas won the Missouri Valley Conference last fall and lost only five boys from the first two units.

In two outings this fall, the Eagles have swamped two other Border Conference foes—Hardin-Simmons, 46-24, and Texas Western, 31-7. On the other hand, the Buffaloes have dropped two straight—a 43-22 loss to Arizona State and a 7-6 thriller to University of Arizona.

Another starter was sidelined in

Continued on Back Page, Sec. 1

Davis Not Happy After Workouts

The Canyon Eagles will play their first game in the recently dedicated Buffalo Stadium, but Eagles mentor Bill Davis wasn't a bit happy about it Tuesday night.

Only the west stands will be open for fans at the game, which features the Eagles, 6-16 losers last week to Dumas, going against the Wellington Skyrocks, 8-6 conquerors last week of Lefors.

Coach Davis told the Eagles Booster Club, "I'd hate to have to go out and play tonight," after terming Tuesday's practice session the worse he's had as a coach.

The coach, who usually is somewhat of an optimist when talking about coming games, was downright pessimistic in talking to the Eagles Boosters, who meet Tuesday at 8 p. m. in the high school cafeteria.

Coach Davis said he didn't think it was the loss to Dumas which prompted the sluggish workout, but he couldn't tell for sure what was wrong. He stated that the team just couldn't seem to get its mind on the Wellington game.

At least one starting performer will be lost to the Eagles this week as the squad attempts to counter the Skyrocks' straight-T and spread formation offense.

Mike Poole, regular halfback, suffered a deep bruise on a muscle in the small of his back in the Dumas game and definitely is counted out of the Wellington game. Guard Zeke Clement bruised a rib last week and was going at half speed early this week, but is expected to be in shape for Friday's game.

Coach Davis said Leon Henderson probably would start in place of the injured Poole. Henderson is one of the fastest lads in the Canyon camp.

The east stands at the new Buff Stadium, which features the chair-seats, are being worked on this week, and college officials have asked the school to keep those stands closed for the Wellington game.

Only Gates 1 and 2, at the southwest and northwest ends of the stadium, will be open for Eagle fans attending the game, Superintendent Joe Gibson said Tuesday.

Highway Job Goes To Amarillo Firm

A contract for 1.5 miles of construction on U. S. 60 and 87 in Randall County has been awarded to an Amarillo firm, it was announced in Austin this week by the State Highway Commission.

Ivan Dement and Austin Bridge Company submitted the low bid of \$1,290,816 on the project.

Construction of grading, structures, and concrete pavement from south 45th Avenue to Parker Street in Amarillo is expected to take 300 working days, Charles W. Smith, District Highway engineer at Amarillo, said.

Byron Reese, resident engineer at Amarillo, will be in active charge of the project while it is under construction.

Philosopher Booked For Speeches at WT

One of a series of programs planned during West Texas State College's Golden Anniversary year observance will be held October 9 and 10 under the auspices of the English department.

Dr. T. V. Smith, one of America's most noted philosophers, will speak to a special assembly on the college campus on October 9 and to high school and college English teachers of the Texas State Teachers Association District IX on October 10.

A native Texan, Dr. Smith is currently professor of poetry, politics and philosophy of the Maxwell Graduate School of Citizenship and Public Affairs at Syracuse University, a post from which he retired

in 1956. He returned to Syracuse this year.

Known Via Radio

Dr. Smith became widely-known through his national radio programs over the Columbia Broadcasting System which originated at the University of Chicago, where he taught for 25 years. He was founder of the University of Chicago Round Table and CBS' book program, "Invitation to Learning."

He had four programs of his own, the best known of which were "Philosophers in Hades" and "This Goodly Earth."

A PFC during World War I, Dr. Smith was a colonel during World War II and was military governor of Sicily and Italy. He was in charge of Italian education for the Allied Armies.

Worked With Prisoners

Serving on special educational missions for the State and War departments to England, Germany, Austria, and Japan, Dr. Smith was a special democratizer for intellectual German prisoners of war.

His varied career also has included serving as a state senator in Illinois for four years and congressman-at-large in Washington from Illinois for two years.

Long editor of the magazine, "Ethics" and "State Government," Dr. Smith is author of numerous books. One, "Foundations of Democracy," was written jointly with Senator Robert A. Taft of Ohio.

Backward, Forward Look

Receiving wide acclaim in 1956 was a book, "Retrospect and Prospect," which was a compilation of views by his colleagues at Syracuse when Dr. Smith retired. An article in the book by Dr. Smith contained his views on retirement.

Dr. Smith was the first Maxwell Professor at Syracuse and he taught at the universities of Texas, Illinois, Cornell, Columbia, and Barnard College. He began his career as head of the English department at Texas Christian University and spent 25 years at the University of Chicago.

Students Must Prepare Now To Meet 'Total Competition'

Today's students face an era of "total competition" with Communism, and must begin now to prepare themselves for the tests ahead, Senator Lyndon Johnson Saturday told those attending the Fall Convocation of West Texas State College.

In a talk aimed at students, the Senate majority leader said, "Once again the nature of the challenge from the forces of the totalitarians is being laid out before us. There are no cannons, no guns, no bombs, and responsible men pray that there will be none."

"The talk we are hearing now of total disarmament is the first cannonade in a declaration of total competition from the Communist world."

Incidental, Not Futile

In touching on Premier Nikita Khrushchev's visit to the United States, Senator Johnson said it did not demonstrate that talks between two world leaders are futile. The talks "are only incidental," he said.

In paralleling the present with 20 years ago, the senator said history is repeating itself with a challenge to American youth. "Not in 20 years have young Americans

begun a college year in a September so fateful as this," he said.

The challenge from Hitler 20 years ago was that German youth was more physically fit than American youth. The Communist challenge today, he said, "is a challenge of brains."

Brain Is Battlefield

"Down at the base of the Communist challenge to this age of total competition one fact stands out above all others—the forces of the totalitarians have chosen the classroom as the battleground for these times."

To meet this challenge of total competition, education must face up to freedom's duties, the senator said. The United States cannot allow "hundreds of thousands of young people to end up on the sidelines each year forgotten and designated as the scrap heap of an over-crowded, overly-expensive, overly-exclusive educational system."

The senior senator from Texas said that free men everywhere must end the waste of their resources, human and physical, to combat the communist menace.

"Nowhere in the west will this bring more dramatic results than here on the Great Plains which most of you call home. For more than a century, much of the industrial development of a nation has passed this region by."

"Here—in the next half-century—men will fashion some of the history's greatest works: to water the plains, to build an industrial complex upon the hydro-carbons of your natural gas, to support and sustain great new cities. You will be privileged to share in this and be the moving forces behind this. I envy you the opportunity and the promise," Johnson said.

Following the address by Senator Johnson, Richard F. Stovall, member of the board of regents for Texas State Colleges, dedicated Buffalo Stadium. Stovall was introduced by Henry Sears of Hereford, president of the board of Regents.

Congressman Walter Rogers of Pampa introduced Senator Johnson, saying that he would like to introduce the Senate majority leader as president, but "that will have to wait until 1961."

Shocks of grain sorghum, like that pictured above, dot the countryside around Canyon as Randall County farmers prepare for the winter season. Some people thought that winter was here Wednesday, but officially it doesn't open until December 22.

Judging the Convocation

It would be hard to judge West Texas State College's Fall Convocation as anything but a success.

As a celebration, the convocation had all the ingredients necessary to make it memorable, not only for those directly connected with the college but those whose only interest is whether the Buffaloes win Saturday's football game.

The publicity the college received from such an undertaking is the kind that cannot be purchased. And it was nationwide.

There has been no official word (as this is being written) but the crowd perhaps was sparser at the convocation than had been anticipated. There probably was no more than 3,000 people on hand for the processional and speech by Senator Lyndon Johnson. This might have been due to television. An Amarillo station televised the colorful processional and the senator's speech.

Another smaller - than - anticipated

throng was attracted Saturday night when the Buffs played the University of Arizona in a Border Conference football game.

The official estimate at the game was 11,000 people, probably one of the largest crowds ever assembled for a Panhandle sporting event. However, some 15,000 to 16,000 people were expected by one official.

The success of an event cannot be judged by the size of the crowd it attracts, however. Neither can the event be judged accurately a few days after it occurs; the true test will come in years hence.

These results can be judged by the type and caliber students and instructors who study and teach at the college.

This first celebration of West Texas' 50th anniversary did much to enhance the reputation of the college and its instructors.

The Red's Wooden Horse

War, let's face it, is the fatal disease of the world, the costliest with which it is afflicted. Only a few on the winning side profit from it. The rest help pay the bill and are not cut in on the gate receipts.

So the Machiavellian beauty of Comrade Khrushchev's Friday proposal to the United Nations is that the broad purported objective is exactly what the world needs to save itself—complete disarmament, total renunciation of war. Nice, if you can get it.

Trouble is you can't. This country with its tremendous reservoir of police power backed by law and public sentiment, can not prevent violence annually taking hundreds of lives and millions in property. Mr. K's Russia has police power that does not require court backing and even less effective in that direction. Mr. K's police power in its ruthless suppression of rights to life, liberty and property is in fact the outstanding example of what the world may have if it sacrifices its security to a dream.

Ignore its pretenses, including Mr. K's, and you see clearly that the Communist world has never ceased aggression. You have to be mighty credulous to believe that it wants to stop now. Common sense directs you to Red penetration in the Caribbean, elsewhere in Latin America, in the Middle East, in Africa, on India's northern borders, all over Southeast Asia. Does Communism — Russian, Chinese — but still Communism, really want peace?

Or does it prefer to stake its future on war, minus atomic armament and fought on what might be called a normal basis, if war has normality? And

even if the Khrushchev aim is to take the risk of mutual atomic destruction out of war, where is the world's guarantee that he is not seeking our atomic disarmament without his own?

Now you know why Mr. K. wanted to visit. Right up to the United Nations the chubby little autocrat, beaming peace and good will, rolled his wooden horse. Wood on the outside, of course, inside is hard steel and packed full of explosives.

But Mr. K. has scored his point. From the best sounding board in the world, peace-loving Communism has made its proposition to end war that we war-mongering capitalistic nations will refuse to heed. All over the world, the Commissioners will echo the words, denounce the rest of us. And the credulous dupes in this and other countries will say they are right. You can't beat Mr. K. at his own game.

(Dallas Morning News)

Writing Art

A course in better business letter writing is about to start in the Dallas public evening school. The business letter apparently has never been made a division of belles lettres, but it is of course an art in itself. May we suggest to the veteran instructor and his classes that we would just as soon they would be taught to omit some of the familiar clichés business letter writers have been using for years. The one that comes readily to mind is used to the point of its becoming wearisome:

"Please remit."

(Dallas Morning News)

What Our Neighbors Say ...

Scissor Snippings

Ernest Joiner in the Ralls Banner:

What with new and higher taxes on beer, here's a recipe for making it at home. Cost? About 2 cents a bottle. It tastes better than artificially carbonated commercial beer, and has twice the boot. Get a couple of 10-gallon crocks. In one crock, mix one can of hop-flavored malt syrup (some grocers still sell it without raising an eyebrow or questioning your church affiliation) with five pounds of sugar, teaspoon of salt, and two gallons of water. Put three gallons of water in the other crock, and add contents of crock 1 to crock 2. Add one yeast cake. Place clean cotton cloth over crock and allow to ferment in a warm place. It takes from 72 hours to five days for the brew to come to the bottling stage, depending upon the temperature of the cellar or room. Bottle while the concoction is barely bubbling. Tiny beads rising slowly to the surface means it is ready to bottle. Don't rush it, or you'll blow up the joint when it completes fermentation in the bottle. Let the brew age in the bottle two or three days. Cool gradually. Never put warm beer in a tub of ice unless you have a curiosity about detonating atom bombs. Best way is to place bottles in a refrigerator and let them chill gradually. When you snap the cap, a blue smoke should curl out, and about a quarter-inch of foam appear. If anything else happens, you bottled it too quick or too late. Serve with a dutch lunch and enjoy the satisfaction of knowing you have legally evaded enough taxes to make government spenders shudder.

Paul Crume in the Dallas Morning News: A customer says: "Sometime please explain to us the meanings of 'sic' as it appears in older writings and even occasionally now."

We are glad somebody brought this up as it gives us a chance to show off our Latin. For years, so far as we were concerned, "sic" was just a word you said to a dog, but after three years of hard teaching by Dr. Harry Leon, we learned that "sic" means "so" or "such."

You can translate it as "This is the way it was."

It was usually used when a writer wanted to quote a misspelled word or something "quaint" and show that the writer himself knew better. We always resented it. "Sic" has a patronizing air, a kind of smile behind the hand that says, "This character doesn't know how to spell, but you and I know better."

It is not used much any more because nobody knows how to spell, and there is a danger of putting the "sic" in parentheses after a word that was spelled correctly.

Gene Alford in the Moore County News: For the benefit of football fans who had hoped to see Demon Coach Burl Bartlett make good his promise to dye his hair green, if the Demons can take their first five games ... all is not lost.

After consulting the official back fence committee on dye-in-the-wool coaches, we find that Coach Bartlett is still on the hook. Some people were under the impression that the Demons would have to win their first five games in order to

claim their prize. Then, when their second game was a tie it appeared that Burl's curly locks would go unmolested. BUT ...

The truth is that the little technician job will still be done if the Demons are UNDEFEATED after five games. That means they can tie the next three games and still be on the collecting end of the deal with their coach. But no losses, Demons, or you'll never see your coach in 'living color.'

Bill Howe in the Shamrock Texan: A man in Alaska was arrested for bigamy. He had a wife in Nome, another in Fairbanks and still another in Juneau. The judge looked at the culprit and sternly asked, "How could you do such a thing?"

To which the bigamist replied, "Fast dog team."

I GIVE YOU TEXAS

Sports Writing Days Recalled By Long-Time Football Scribe

By BOYCE HOUSE

Reminiscences of an old-time sports writer:

Many years ago, I went to a West Texas town to cover a high school football game for a big city daily and the man on the gate refused to honor my pass because it was signed by only one school. The cost of a ticket was 75 cents and so I paid 38 cents as the non-signing team's share of the gate receipts. (That item was included in my expense account but it wasn't listed by itself.)

Then there was the time that LeRoy Menzing drove 125 miles for the annual Cisco-Abilene classic. He was sports writer for the Fort Worth Star-Telegram and I was editor of an Oil Belt paper. A band was seated in front of the press box and the brass horn was squarely in front of Menzing, completely blocking his view, so I "broadcast" the game to him, telling him who carried the ball, who made the tackle and how many yards were gained or lost, on each play.

They took their football seriously in the old Oil Belt. A visiting sports writer, in a parade before the game, was pelted with clods and another sports writer was seized by the ankle by a fan who was desirous of pulling him out of the press box. Also there was the occasion that a visiting team sprang an upset and numerous individuals — (I have always suspected they were fans of the losing team) — threw gravel through the open windows of our special train as we were pulling out.

There is the recollection, too, of a fan, indignant of something I wrote, who sent the word that he was going to give me a whipping when he came to Eastland for his team's game. Since he did not know me, several citizens persuaded the county highway officer to put on street clothes and pose as me. Not long before, this officer had arrested three "drunks" and, when they became belligerent, he subdued all three of them with his fists. So I felt that this was going to be one fight that "House" would win. The other fellow, however, failed to show up.

The Oil Belt in those days (1921-30) was probably the "hottest" district in the state. It abounded in historic rivalries. When Ranger and Cisco met, or when Breckenridge and Ranger met, or when Eastland and Cisco met, or when Abilene and anybody met, you could look for a ding-dong battle. The four cities were in a space of 50 miles, connected by excellent roads, and the attendance often was greater than the population of the town where the game was being played.

At various times, I was editor (and therefore sports writer) in Cisco, Eastland and Ranger. One season, I would be advocating the cause of the Lobos, the next year the Mavericks, and the following season the Bulldogs. A fellow had to remember at all times where he was.

As a matter of fact, though, my last three seasons, I wrote up the Ranger-Eastland game for both papers—and it was the same write-up, too. (I've always felt that I would make a good trouble-shooter for the United Nations.)

A sports writer wasn't looked upon as much of a success unless he had at least two feuds going with other sports writers. My favorite targets were Blondy Cross of San Angelo and Prexy Anderson of Abilene but occasionally I would go entirely out of my class and

try to take on Jinx Tucker of Waco. Actually, we were all very fond of each other but these feuds added zest to living and also made it easier to fill up our daily "column."

Maybe most of us scribes didn't make a lot of money but we enjoyed life — and we got into the football game free. (Except that time I had to pay for half a ticket.)

Architects Give School Features

(The following letter was published last Thursday in the Amarillo Globe-Times, in answer to a request by the paper to William C. Townes and Associates, architects for Canyon High School, which is now under construction. The letter offers a great deal of information concerning the school which has not been published.—Ed.)

In reply to your request for information on the Senior High School Building for Canyon, Texas, below is a breakdown on the contents, cost and cost reducing features of this building.

The building contains: 21 classrooms including science, home-making, and art rooms; library and library workrooms; administration offices; auditorium, stage and dressing rooms; choir room; bandroom and practice rooms; cafeteria with kitchen, storage, office and employee locker room; gymnasium with dressing rooms; woodworking shop with storage, paint room and office; drafting room; vocational agriculture shop with storage rooms and office; agriculture classroom; corridors, entries, lobby, restrooms, storage and janitor's closets.

The building is finished as follows:

Floors: Asphalt tile in all rooms; Terrazzo in corridors, toilet rooms and cafeteria kitchen; Maple flooring in gymnasium; Oak flooring on stage; Concrete in shop areas.

Walls: Painted plaster in all rooms; Exposed face brick wall in each classroom; Ceramic tile wainscot in toilet rooms, corridors, cafeteria and kitchen; Painted masonry in shops and gymnasium; Acoustical treatments in band, choir rooms, and auditorium.

Ceiling: Acoustical ceilings in all rooms; Plaster in toilet rooms, kitchen and storage rooms; Exposed painted structure in shops.

Miscellaneous: Metal student lockers; metal teacher cabinets; Metal food lab cabinets with formica tops and splashers; Wood cabinets in other areas; Chalk and tack boards; Bulletin boards; Trophy cases; Display cases; Flag pole; Finished court yard with benches, patios, planters; Sliding glass door; Plastic skylights.

Lighting: Fluorescent lights in all areas.

Heating: Hot water unit ventilators in all areas.

Have you tried chiropractic? We may have the answer to your health problems.

Drs. McMenamy & McMenamy
CHIROPRACTORS
3701 Washington
Phone DRake 2-7121
AMARILLO, TEXAS

Cooling: Chilled water unit ventilators; Cooling provided in offices, classroom, auditorium, and cafeteria.

Structure: Concrete foundation; Masonry walls; Gypsum roof deck; Structural steel frame-work.

A Cost Analysis:

Square footage figured as interior floor area wall to wall of all buildings plus one-half of area of roofed and floor areas not figured in other building areas; cost figured as low base bid less removable cafeteria kitchen equipment, sound system and exterior walks and grading. Cost per square foot — \$9.45.

Square footage figured as interior floor area wall to wall of all buildings plus one-half of area of roofed and floor areas not figured in other building areas; cost figured as low base bid (no deductions). Cost per square foot — \$9.81.

Square footage figured as interior floor area wall to wall of all buildings; cost figured as low base bid less removable cafeteria kitchen equipment, sound system and exterior walks and grading. Cost per square foot — \$10.17.

Square footage figured as interior floor area wall to wall of all buildings; cost figured as low base bid. Cost per square foot — \$10.55.

Cost Reducing Features:

(1) A rectangular plan was used, thus reducing exterior walls.

(2) Four separate buildings were used to permit fast construction with a minimum amount of equipment required. No building was dependent on another for construction purposes.

(3) All details were kept clean and simple for ease in construction.

(4) All costly details and materials were held to a minimum or eliminated.

(5) All items were duplicated as much as possible to minimize jig and set up charges by suppliers.

(6) Factory finished items were used as much as possible, thus eliminating costly hand labor and construction time.

(7) In areas requiring high walls, wall heights were reduced by the use of arches.

(8) At the time bids were taken for this project, contractors seemed to have been seeking work; therefore, all bids from both contractors and sub-contractors were extremely competitive.

We trust this is the information you desire; however, if further information is needed, please advise us and we shall be happy to furnish it to you.

Canyon Student Is Member of Chorus

Jess Rhodes, son of Mr. and Mrs. Jess L. Rhodes of Canyon, has been elected to the Harding A Cappella Chorus at Harding College in Searcy, Arkansas.

Rhodes is a freshman chemistry major at Harding.

Fourteen-year-old Donnie Wallen of Canyon recently was appointed to the Mounted Honor Patrol at Cal Farley's Boys Ranch near Amarillo. Donnie, who has lived at the ranch seven years, also is active in the sports program at the ranch and is interested in farm work and livestock as his vocation. Those selected for the Mounted Honor Patrol are chosen for being top rodeo performers, fine horsemen, having good character, and for maintaining high scholastic standings. The patrol appears as an official representative group in parades and rodeos and acts as an honor guard on special ranch occasions.

Annual Rally Scheduled For Baptist Men in Area

The annual men's rally of District 10 of the Southern Baptist Association, which includes Canyon, will be held next Tuesday at the First Baptist Church in Phillips.

Bill Allcorn, state land commissioner, will be a special guest and principal speaker at the rally, which will get underway at 6 p. m. with a barbecue.

Let a man talk about himself and he'll think you're interesting.

LEGAL NOTICE

NOTICE OF PROPOSED SALE OF OIL AND GAS LEASES

TO WHOM IT MAY CONCERN:

Notice is hereby given that the City Commission of the City of Amarillo, Texas, has determined that it is advisable to lease for oil and gas purposes Sections 23, 24 and 25, Block 1, TT RR Co. Survey, Randall County, Texas, and also Section 46, Block T, H&W Survey and Section 54, Block T, BS&F Survey, both in Carson County, Texas, which lands are owned by the City of Amarillo and are used for the purpose of producing water for municipal uses and that the City Commission of the City of Amarillo has further determined that leasing said lands for the investigation, exploration, prospecting, drilling and mining for and production of oil and gas is not inconsistent with the public use now being made of such lands and notice is further given that the City Commission of the City of Amarillo, Texas, intends to lease said lands for oil and gas purposes, and the said City Commission has designated 1:30 o'clock P.M. on the 15th day of October, 1959, as the time and the City Commission room as the place where said City Commission will receive and consider bids for such oil and gas leases as it may determine to make. At said time on said date and at the place named above the City Commission of the City of Amarillo, Texas, will receive and consider any and all bids submitted for the leasing of said lands or any portions thereof and in the discretion of the City Commission of the City of Amarillo, Texas, it shall award the lease to the highest and best bidder submitting a bid therefor provided that if in the judgment of the said City Commission the bids submitted do not represent the fair value of said leases, it may in its discretion reject the same and again give notice and call for additional bids.

DATED This 15th day of September, 1959.

Resolutions Cite Groups in Canyon

Resolutions of appreciation to groups in Canyon and the "Golden Spread area" from the Board of Regents of Texas State Teachers Colleges have been received by Dr. James P. Cornette, president of West Texas State College.

Board members, who met here Friday and Saturday and attended the college's fall convocation opening its 50th anniversary celebration, cited several groups for "the hospitality which they have shown to all members of the board."

Named specifically, besides WT faculty and student body, were area newspapers, radio and television stations, the City of Canyon, people of the Golden Spread, the Canyon Kiwanis Club, and Canyon Chamber of Commerce.

Some people are as easily rattled as others are hard to shake.

IT DID, THOUGH

Price of Gasoline Going Up, But Not to \$86.20 a Gallon

The price of gasoline is due to increase tomorrow, but not to the point where five gallons cost \$431.

But that's what five gallons cost two men last week after pleading guilty to charges of theft under \$5 in W. A. "Bill" Wilson's justice court No. 1 here.

The two were charged with taking five gallons of gasoline from a truck owned by Tom Brasher of Brasher Oil Company.

Gerald Bartel, who has served four prison sentences, and Ben Wesley Ward, a three-time loser, were fined the maximum, which, with court costs, totaled \$215.50 each, by Wilson.

Judge Wilson said he intends to assess the maximum fine to every one convicted of petty theft in his court in an attempt to discourage violations. He said a great deal of petty theft is occurring in Canyon, especially in the West Texas State College area, and he intends to do his share in discouraging it.

Bartel and Ward were living at Umbarger and working for a local construction company. Ward was released from county jail Monday

after paying his fine, and Bartel is to be extradited today by Illinois authorities on charges of grand larceny, a felony, in Oak Park, Ill.

The two men were discovered taking the gasoline after a dog owned by M. A. Hollabaugh started barking. The city police were summoned and the two were apprehended.

after paying his fine, and Bartel is to be extradited today by Illinois authorities on charges of grand larceny, a felony, in Oak Park, Ill.

The two men were discovered taking the gasoline after a dog owned by M. A. Hollabaugh started barking. The city police were summoned and the two were apprehended.

The price of gasoline is due to increase tomorrow, but not to the point where five gallons cost \$431.

But that's what five gallons cost two men last week after pleading guilty to charges of theft under \$5 in W. A. "Bill" Wilson's justice court No. 1 here.

The two were charged with taking five gallons of gasoline from a truck owned by Tom Brasher of Brasher Oil Company.

Gerald Bartel, who has served four prison sentences, and Ben Wesley Ward, a three-time loser, were fined the maximum, which, with court costs, totaled \$215.50 each, by Wilson.

Judge Wilson said he intends to assess the maximum fine to every one convicted of petty theft in his court in an attempt to discourage violations. He said a great deal of petty theft is occurring in Canyon, especially in the West Texas State College area, and he intends to do his share in discouraging it.

Bartel and Ward were living at Umbarger and working for a local construction company. Ward was released from county jail Monday

Rural Magazine To Feature Ideas Of THDA Group

Ideas used in a recreation workshop by the District I Recreation Committee at the state convention of the Texas Home Demonstration Association will be featured in an article in Progressive Farmer.

Miss Sallie Hill, assistant editor of the rural life magazine, who attended the convention, was so impressed by the ideas that she asked the committee to let her write an article on the workshop, according to Mrs. R. A. Hodges of Canyon, chairman of the committee.

MARDI GRAS PARTY CAKE

\$25,000 Grand Prize winner in Pillsbury's 11th Grand National Recipe and Baking Contest by Mrs. Eunice Surles, Lake Charles, Louisiana. Adapted by Ann Pillsbury. Makes two 9-inch layers. Melt 3/4 cup butterscotch morsels in 1/4 cup water in saucepan. Cool. Sift together 2 1/4 cups sifted Pillsbury's best All Purpose Flour, 1 teaspoon salt, 1 teaspoon soda, and 1/2 teaspoon double acting baking powder. Set aside. Add 1 cup sugar and 1/4 cup firmly packed brown sugar gradually to 1/2 cup shortening, creaming well. Blend in 3 unbeaten eggs, one at a time, blending well after each. Blend in melted butterscotch morsels and mix well. Add the dry ingredients alternately with 1 cup buttermilk or sour milk, beginning and ending with dry ingredients. Blend thoroughly after each addition. (With electric mixer, use low speed.) Turn into two 9-inch round layer pans, well greased and lightly floured on the bottoms. Bake at 375 degrees for 25 to 30 minutes until cake springs back when touched lightly in the center. Cool—spread filling between layers and on top to within 1/2 inch of edge. Frost sides and top edge with sea foam frosting or whipped cream.

Eagles Bow to Demons, 16-6, Texas Prisoners Ready for Rodeo

Dumas spotted Canyon one touchdown then staved off three furious attacks by the Eagles to win, 16-6, in a non-conference grid tussle that marked the closing of old Buffalo Stadium.

Dumas lived up to its nickname on defense Friday night allowing the Eagles 143 net yards rushing. Only 39 of those yards came in the second half as the Eagles posted only two first downs.

Right halfback Charlie Dean,

who had missed most of the week's practice due to a shoulder injury, ripped the Eagle line almost at will. The junior speedster gained 148 net yards rushing for the Demons, who rolled for 271 net yards during the contest.

Draw First Blood

The Eagles drew first blood after the Eagles recovered a fumbled punt on the Canyon 47 after Tommy Henderson punted from the Canyon 25.

It took the Eagles six plays to punch across the double stripe, with the payoff play coming when quarterback Jerry Richardson latered to halfback Jim Marrs at the Dumas 9 and Marrs outsprung the would-be tacklers to score. Fullback Chuck Nester's running play for the points-after was stopped, and Canyon led, 6-0.

That six-point lead soon faded, however, as the Demons took the Canyon kickoff and marched 70 yards in 14 plays to tally late in the first quarter.

Casas Goes Over

Dumas halfback Ray Casas, a sophomore, punched across from the one for the score, then slipped around left end for the conversion to put the Demons ahead, 8-6.

The big play in the Dumas drive was a fake kick by Dean. With the ball resting on the Canyon 44, Dean went into deep punt formation and ran the ball to the Canyon 18 to put new life into the Demons.

After the Dumas kickoff, the Eagles mounted a drive from their own 23 yard line, only to see it fizzle on the Dumas 12. The Eagles got the offense started when Richardson pitched to Marrs for 20 yards on a play that carried to the Dumas 39. On the next play, Marrs skirted left end for nine yards.

Drive Fizzles Out

Halfback Mike Poole and Nester then combined talents to push the ball to the Dumas 8 before a fumble that was recovered by the Eagles lost two yards and a running play lost another two yards before the ball went over on downs.

As the second half was getting underway, Richardson intercepted a pass from Demon quarterback Quinton Eppinette on the Dumas 49 and returned it to the Dumas 20.

After the interception, however, the Eagles couldn't get their offense functioning, and four stabs at the Demon line netted only five yards. The Demons took over on

their own 15.

After a punt exchange, Nester pounced on Henderson's punt that a Dumas player had inadvertently touched on the Canyon 20. Henderson's punt was good for only five yards. The Eagles again couldn't get rolling and had to punt.

After taking the Eagles punt, Demon fullback Dale Vick bobbled the ball on the Canyon 18 and the Eagles recovered. Again the Eagles were forced to punt.

Eagle fans came to life about midway of the fourth stanza when Richardson intercepted another Eppinette aerial on the Dumas 37, and returned it to the seven-yard line.

Hits Up Middle

On the first play, Nester struck up the middle for one yard, then Marrs attempted to skirt left end and was hauled down for no gain. On third down, the Eagles shifted from their usual winged-T into a single wing, with Richardson the deep man. He carried around right end on a power play for one yard before the Eagles were penalized five yards.

From the Dumas 10, Richardson on fourth down hit Nester with an aerial, and the fullback carried to the Dumas 3 before being

tripped up and downed.

Dumas then started a drive that carried 97 yards to score and wrap up the game. Eppinette carried the ball around the left side on a quarterback keeper to tally from 12 yards out, climaxing the drive that took 12 plays. Eppinette used the same play in the same place to get the two extra points and wrap up the scoring at 16-6.

In addition, there will be other outside acts, rodeo clowns, inmate entertainment groups and mounted

quadrilles from Pasadena and Bellville. The Houston Range Riders also will appear and for the first time the rodeo will feature a girl's barrel race event.

H. H. Coffield, Rockdale businessman, who serves as chairman

of the Texas Board of Corrections and its rodeo committee explained that net proceeds from rodeo ticket sales are placed in the prisoners' welfare fund which is used to supply rehabilitative services not furnished by the Texas Legislature.

Reserved seat tickets at \$2.40 and \$4.40 each, tax included, may be obtained by writing Rodeo Ticket Office, Huntsville, Texas, enclosing check or money order.

The car craftsmen who developed Wide-Track Wheels, the innovation that brought a new standard of roadability to the American passenger car, present another fresh original for 1960!

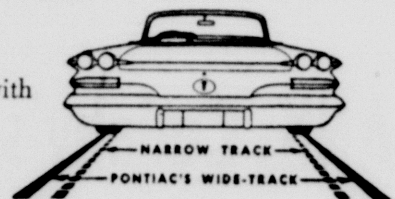

With clean, crisp lines they've composed a delightful rightness of form with unity and rhythm.

Into the proved principle of Wide-Track (wheels farther apart for a steadier stance) they've engineered an ingeniously improved suspension system. This combination of a firm foundation and supple suspension gives you flawless control, more skill in the fine art of driving, smooth stability, bump-yielding softness.

The power plant is typically Pontiac. A wide range of restless, ground-gaining power packages to choose from. All are husky V-8's, ranging from the frugal 425E economy engine that prefers regular grade gasoline to the fiery Tempest 425.

Haven't you been an admiring spectator of Pontiacs long enough? Isn't this your year to become a participant in Pontiac pleasure, to move up to Pontiac ownership, where the enjoyment is the fullest, where the point of view is the freshest?

Wide-Track Wheels give you swayless stability, solid comfort. You maneuver with skillful sureness, accurate control. It's the sweetest, most precise, most rewarding driving you've ever felt.

Washington Report

Washington and Khrushchev

By Representative Walter Rogers
18th Congressional District

Everyone seems to be writing about the Khrushchev visit to the United States. There is little more that can be said which you have not already heard or seen. However, there are a few items in which I thought you might be interested. One is a story which was carried in the Washington Evening Star. A comparison was being made of the different news accounts of Khrushchev's arrival, as written in the different countries. The Evening Star had the following observation in its story:

"According to an Associated Press Dispatch from Moscow, IZVESTIA, the Soviet government newspaper, reported to the Russian people: 'The bulk of the Washington population (waving handkerchiefs and flags) are employees of the government and private firms. There are very few workers.'"

No Soviet Workers?

We do not know whether the few workers referred to had reference to some of those employed

by the government, or those employed by private firms, but if the reference was to the latter, it would indicate that there are no workers in the Soviet Union, since there are no private firms and everyone is an employee of the government, directly or indirectly. I do not know whether this story was carried in other papers, but it was carried in Washington only in the paper referred to, and I have seen no reference to it since. Since there are so many government employees here, perhaps there was some fear that someone might get offended.

Another item which should be explained has to do with the adjournment of Congress. There seemed to be a feeling in many quarters that Congress was rushing toward adjournment in order to avoid being in session when the Russian premier came to town, and having to face the decision of whether or not to invite him to address a joint session of Congress. Such was not the case at

HOW BOUT THAT

Drawn for THE CANYON NEWS
By RALPH TEE

all. There were some members who felt there should be a joint session and that Khrushchev should be permitted to address it in order for the members to have a firsthand look at the head man in Russia.

Night Owl Session

However, these were private expressions and had nothing to do with the business of Congress. Congress had been working diligently in an effort to try to adjourn in the early days of August. However, the work at hand did not permit this. Once this was realized, every effort on the part of the members of the House and Senate was aimed at trying to adjourn at the earliest possible time. This was certainly indicated by the fact that once we got to where adjournment was in sight, we stayed in continuous session all night long in order to get it done.

The end came shortly after 6 a. m. on the morning of September 15. I can assure you that every member of Congress was happy over adjournment and was ready to go home. Speaking for myself, I was happy that the session was ending and extremely happy that the all-night session was over, because I am not qualified as a night owl. I like to go to bed early.

Precautions Taken

The security in the nation's capital during Khrushchev's visit has been handled with the greatest finesse. The plain-clothes people have done a splendid job, as well as the uniformed officers. Every precaution has been taken to avoid any incident that could catapult this country into or near an armed conflict.

The people themselves have displayed the traditional dignity and courtesy for which our country is famous. They have conducted themselves in a manner exemplifying the splendid training of a good mother and father in a family

Former Resident Wed in California

Rev. Archie W. Phelps, a former resident of Canyon, and Miss Laverne Darden of Stocken, Calif., were married recently in Richmond, Calif.

Rev. Phelps is the son of Rev. W. J. Phelps, who was pastor of the Assembly of God Church here

for 13 years. A graduate of Canyon High School, the younger Rev. Phelps attended West Texas State College two years. He received his B.A. degree in Theology from Northwest Bible College in Seattle, Wash. He is currently the associate minister of the Assembly of God Tabernacle in El Carrito, California.

His father is the pastor of the Milton Assembly of God in Tacoma, Washington.

Charlotte Bronte published her famous novel, "Jane Eyre," under the pen name of Currer Bell.

Six Art Students Given Grants for Study at College

Six art students have been awarded \$100 scholarships from a fund established last year by the Connoisseur Society of Amarillo for the West Texas State College art department.

Dr. Emilio Caballero, head of the WT art department, said that the Amarillo group last year presented \$1,300 for the scholarship fund. Three students received the awards last year, and two others were given grants during the summer.

Those receiving the awards were Johnnie Miller, freshman from Amarillo, Bill Lankford, Tulsa junior, Betsy Callarman, Canyon sophomore, Delmos Hickmott, Amarillo graduate, Robert Don Ray, Happy

senior, and Robin Sumner, Amarillo junior.

Rick Procter, Amarillo graduate now teaching at Sam Houston Junior High School, and Marcella Chandler, Littlefield graduate, received awards during the summer.

Official, County Sued for \$80,000

Two suits totaling \$80,000 have been filed against Randall County and B. E. McCormick, commissioner of Precinct 1.

The suits, which were filed Wednesday in the office of Mavis Hill, district clerk, grew out of a traffic accident northwest of Canyon City, June 19. One person was killed and three others were injured.

Henry T. Ray of Ray and Baughman law firm of Amarillo filed the petitions for Mr. and Mrs. Herman W. Hintz and Louis G. Huckabay, all of Amarillo. The Hintz petition seeks \$65,000 damages in the death of their daughter, Mona Rae Hintz, and Huckabay is petitioning for \$15,000 for injuries to his son, Tony Conrad Huckabay.

Young Huckabay was driver of a 1959 car that overturned when it failed to make a curve on the Canyon City Road about 11:50 p. m. June 19. Besides Miss Hintz, other passengers were A. B. Fincher of Amarillo and Frances Russ of Vega. Both were injured.

A former California patrolman, Chester Braafadt of Amarillo, discovered the wreck about two hours after it happened.

The petitions charge that both the county and McCormick were negligent in not posting warning signs, in allowing the "dangerous condition" to remain as constructed, and in failing to make the road safe for residents and travelers.

The Hintz family is seeking \$50,000 as compensation for future earnings lost to the family by the daughter's death and \$15,000 as compensation for loss of the daughter's help with household chores, according to the petition.

Huckabay's claim for damages breaks down into \$5,000 for injuries suffered by his son; \$5,000 for compensation for Tony Huckabay's incapacitation since the wreck; \$1,000 for hospital and medical care bills; and \$4,000 for deprivation of the son's contributions and efforts since the wreck.

The petition alleges that the

youth suffered a broken left leg, facial cuts, loss of eight teeth, permanent injuries to his vertebra, injuries to internal organs, and damage to nerves, muscles, tendons, and ligaments.

Scouts Inducted Into Canyon Post

Nine Star Scouts and three First Class Scouts were inducted into Explorer Post 66 at the post's meeting Monday.

Inducted were Wallace Bustead, Brad Gough, Bob Haggard, Larry Holman, Robert Hutton, Wayne Lindsey, Harry Lisle, Elo Myers, David Perkins, Bill Phillips, Davis Price, and Tim White.

Formed in January, Post 66 now has 30 members active in civil defense, preparation, outdoor activities, and studies in vocational fields.

Big project for the post has been "Operation Oil", a six-month career preparation program sponsored by the Sears, Roebuck Foundation. The scout post judged the winner of the "Operation Oil" project is awarded a \$1,000 prize by the foundation.

Housewarming Given For Edwards Salins

Mr. and Mrs. Edwards Salins were honored with a surprise housewarming Thursday evening in their new home by members of the hospital staff and other friends in Canyon. Mr. and Mrs. Salins came to Canyon nine years ago from Latvia.

The doctors presented the couple with an electric blanket and hospital employees presented the couple with bed linens. Miss Mary Moss Richardson presided at the guest book which she had given to the couple. Approximately 50 guests registered and brought gifts during the receiving hours.

Soil Bank Rate Requisite Eased

New soil bank legislation has removed the requirement that the farm rate be set on the basis of the production on the farm for the past five years, Doyle Thomas, office manager of the County Agricultural Stabilization and Conservation Committee, announced this week.

It will not be necessary that crop acreage and yields be furnished when applications are made for rates. Farm rates will be set the same way they were last year, he said.

Other changes will not require the seeding of the acreage to permanent grass. It can be seeded to sudan or rye and allowed to mature seed for future cover. However, grass can be seeded, if desired.

Deadline for making application for farm payment rates has been extended to October 9. After rates are set, farmers will have until October 16 to apply for a contract, Thomas said.

Farmers interested in the program are urged to contact the ASC office not later than October 9 for complete details.

Buff Game - - -

Continued From Page 1

the Arizona game, bringing the total to three in two contests, when John Hall, right halfback, bruised a kidney. He is still hospitalized and will be out indefinitely. Two casualties in the season opener, right guard Leon Manley and right tackle Gary Ward, missed the Arizona game but Ward may be back for limited action Saturday.

Replacing Hall at right half will be a freshman, Billy Adams, who came off the bench to lead Buffalo runners Saturday. The speedy, 170 pound Monterey of Lubbock product, gained 72 yards on 14 carries.

Another freshman who came to the front in the Arizona game was quarterback Jim Dawson, an all-district performer at Borger last fall. Dawson engineered the only West Texas touchdown drive and scored on a 10-yard roll out. He may not start Saturday but will be called on for a lot of duty.

While the Buffs will be thin in some positions, North Texas can boast two full teams of equal ability. "Our scouts say Coach Mitchell alternates the units every few minutes without hurting the overall effectiveness," remarked Coach Jarnagin.

The West Texas 35-man traveling squad will leave Friday noon by bus and spend the night in Wichita Falls. The Buffs will journey to Denton late Saturday afternoon and return to Wichita Falls after the game.

AROUND TOWN

Continued From Page 1

ents, Mr. and Mrs. Tommy Taylor, and her brother, Bobby, of Stratford; his parents, Mr. and Mrs. Jack Johnson of Hereford and his brother and family, Mr. and Mrs. Jack Johnson, Jr., and children of Dallas.

Mr. and Mrs. Tom Platt and family met his mother, Mrs. Florida Platt, and his brother, James, of Dumas and other relatives at Elwood Park Sunday for a family outing.

Mr. and Mrs. Nathan Ellis and Mrs. Dorothy Keith and children spent Sunday in Lockney visiting Mr. and Mrs. James Ellis.

Dinner guests Sunday in the Russell Thompson home were Rev. J. Boyce Fine of Albuquerque, N. M., Rev. and Mrs. Aaron Mann and Meryle and Mr. and Mrs. Donnie Bowman.

Guests in the A. C. Haley, Jr., home Sunday were his mother, Mrs. A. C. Haley, and his niece, Mary Beth Haley, of Seligman, Ariz.; his sister, Mrs. L. L. Cummings and Carole; his aunt, Mrs. Oda Britain, of Amarillo, and Mrs. Cecil Owens of Lubbock.

Mr. and Mrs. John W. Cooper of Tucumcari, N. M., spent the week-end with their son and family, the Benny Coopers.

Mrs. Ethel Lewis and children

visited with friends in Floydada Sunday.

Mr. and Mrs. H. R. Fulton, Jr., and family attended the Steel family reunion in Plainview Sunday. Also attending from Canyon was Mrs. Charles Hillier and girls.

Mr. and Mrs. M. W. Roberts returned Monday from a visit with their daughter and family, Mr. and Mrs. J. C. Winningham of Alamo, N. M. While there the Roberts visited the Great White Sands National Park.

Mr. and Mrs. Forrest Hill and Maralyn and Mr. and Mrs. W. W. Nicholas of Amarillo spent the weekend in Fort Worth where they attended the football game of the Amarillo Palo Duro Dons and the Amon Carter high school teams.

Mrs. Glenn R. Haynes is visiting her brother and his wife, Mr. and Mrs. Richard LeBlanc, in Massachusetts.

Miss Osce McCrerey and Miss Edith Blackwood of New York City are visiting J. W. McCrerey.

Mrs. Cooper on Program At School Board Meeting

Mrs. Clay Cooper, member of the Canyon school board, will appear on the program of the 13th annual meeting of the Texas Association of School Boards, which is to be held in the Driskill Hotel in Austin October 11 and 12.

Mrs. Cooper will join local school board members from throughout Texas in studying the attitudes and activities of various citizen groups as they work for better public schools. How school boards and school superintendents can benefit from the current crest of public interest in public schools also will be studied.

DOUBLE GUNN BROS. STAMPS TUESDAY

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN—From now until January, Texas political skies will be crowded with trial balloons.

Already, through polls, public and private, conferences and speeches, a host of ambitious politicians are trying to test the wind and fix their time tables accordingly.

In past decades, office holders all down the line arranged their schedules on the assumption that the governor would retire after two terms. When the governor moved out, others moved up, and a succession of vacancies was created.

But Gov. Allan Shivers served three terms and part of another. And Gov. Price Daniel seems in no hurry to leave at the end of his second term. Polls have shown strong support for Daniel for another term. Some observers say a "three-term governor" tradition may be taking hold.

A roadblock at the top would pose hard decisions for those who have been getting primed to move up. Atty. Gen. Will Wilson's firm plans to run for governor have been no secret. But he has not said he will run even if Gov. Daniel does.

If Daniel does run and Wilson decides to sit tight, a half-dozen attorney general hopefuls, including Speaker Waggoner Carr, will be either stalled or up against stiffer odds.

In legislative races much of the same agonizing is going on. Wherever a senator is up for reelection, there are usually one or more House members itching to try for the post.

Some have already jumped in; some have definitely decided against it. Others are still "talking around." In many minds is the old saying that the time comes when a man must go "up or out." Question is: "When is that time?"

Demos Guard Harmony

For the moment, at least, Texas Democratic Party leadership appears more united at the summit than it has been in years.

At their recent meeting, State Democratic Executive Committee members cheered both Gov. Daniel for a third term and U. S. Sen. Lyndon B. Johnson for president. Gov. Daniel, Committee Chairman Ed Connally and National Committeeman Byron Skelton all applauded Johnson.

In 1956, Sen. Johnson had to push Gov. Allan Shivers and his supporters out of party leadership in order to go to the national convention as the Texas nominee. Such upheaval apparently will not

be necessary in 1960.

Not present for the harmony fest, however, was Mrs. R. D. Randolph, national committeewoman and leader of the liberals' Democrats of Texas faction. DOTers fell out with Johnson after the '56 convention. They've made it clear they won't push the Johnson bandwagon. Many of the same group are working in the Democrats for Stevenson movement. But whether they can or will launch a large-scale effort to undermine the senator in his home state is not yet known.

Just Need Money

Officials of Texas' bulging cities took a long look at their multiplying problems and decided they needed many things, but mainly money.

As the Texas Municipal League convention wound up, the incoming president, McAllen Mayor Philip Boeye concluded, "Very few municipal problems can't be solved with money."

Earlier, TML speakers pointed especially to these angles of Texas urban dilemma.

1. Tax sources — With increasing demands for city services, city governments are limited on the ways they can get money, principally to the property tax. Cong. Jim Wright, formerly mayor of Weatherford, pointed out that half of all gasoline is consumed in the cities, but cities get no part of the gasoline tax money for city streets. Forty-four states, he said, split gas tax money with cities.

2. State domination — Although 70 percent of Texas population is concentrated in urban areas, city government, said outgoing President Louie Welch, is a "child of state government." And since the Legislature is rural-dominated, cities invariably come out second best in battles with the farmers.

John McKee, chairman of the State Tax Study Commission, expressed the belief that Texas money problems would be worse before they're better. McKee said that although the budget was covered by the last legislative session, the state's long-term revenue problems, including state-local fiscal relations is "far from solved."

Counties' Future Considered

Problems of Texas counties were reviewed by Atty. Gen. Will Wilson and Sec'y of State Zollie Steakley in talks before the County Judges and Commissioners Association.

"What county government really needs," said Wilson, "is an executive. It must unify into a managerial function." He said county government must become stronger or become an arm of state government.

Steakley told the county officials that despite huge highway building investments, they can still expect to have unmet road needs.

Texas, said Steakley, travel 102,000,000 vehicle miles a day. This means that, despite \$505,000,000 of construction under contract and another \$514,000,000 in planning, Texas is still \$3,000,000,000 short of the highways needed for its traffic.

No Pay, No Tax

If the guest skips out without paying his hotel bill, the hotel doesn't have to pay the state the

Cost Reduction Expert to Talk At Conference

An outstanding expert on cost reduction in business, Henry R. Malzeke of Wilmington, Delaware, will be a principal speaker at the seventh annual Panhandle Industrial Relations Conference. The conference will be held October 14 at the main auditorium of West Texas State College.

Malzeke, a planning division engineer engaged in special study with E. I. DuPont Company, three times has talked on cost reduction at American Management Association Conferences. Prior to his present assignment, he coordinated the cost reduction program at DuPont.

The Panhandle Industrial Relations Conference, a joint project of West Texas State College and the Panhandle Personnel Association, will open at 8 a. m. on October 14 with registration. The registration fee, which includes lunch in the college cafeteria, is \$5.

Advance registrations can be made with Don Haley, Continental Carbon Company, 1400 West Tenth, Amarillo.

new hotel room tax.

In interpreting this new law, Atty. Gen. Will Wilson also ruled that the 3 percent tax applies to any room rented by a hotel, not just sleeping rooms. Under American plan hotel rates where rental charges include meals, the tax will apply only to the part of the charge covering room rent.

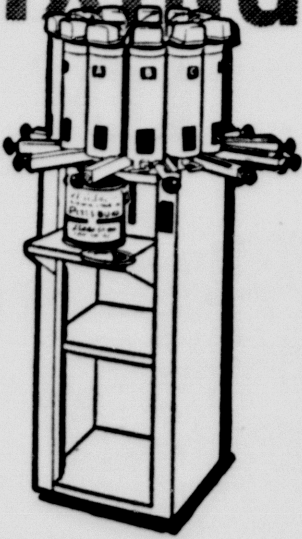

Also, the tax does not apply to air conditioners, televisions and radios when they are rented separately. It does not apply to rooms renting for \$2 a day or less nor to rooms rented under 30-day leases.

Appreciation Week

Texas' law enforcement team comes in for its share of public recognition during the week of October 4-10. Gov. Price Daniel has proclaimed that period as Texas Law Enforcement Appreciation Week. Sponsor is the Texas Law Enforcement Foundation, a group of private citizens interested in more public support for the men in the front line against crime. "In the face of ever increasing crime," says a TLEF spokesman, "our law enforcement team must cope with almost insurmountable odds... still they continue to do a remarkable job." Purpose of the week is greater appreciation for the work done by police departments, sheriffs, highway patrols, game wardens, judges and all others working actively to help control crime in Texas.

Wayside News

By MRS. W. R. FRANKLIN

Rev. Walter Hadley filled his regular appointments Sunday.

Mr. and Mrs. Charles Ogden went to Fort Sumner, N. M., for apples recently.

A number from Wayside attended the Tri-State Fair in Amarillo.

Mrs. R. C. Petty left Thursday morning by bus for her home at Goldthwaite after spending several weeks with her daughter and family, the Charles Kennedys.

Mr. and Mrs. W. R. Franklin were Tulia, Happy, and Canyon callers Wednesday.

Mr. and Mrs. Charles Kennedy were Canyon and Tulia callers Thursday.

Mr. and Mrs. W. R. Franklin have word from their grandson, Kerry Franklin, saying that he finds teaching in Pecos high school interesting. He teaches chemistry, biology, and physics.

Mrs. Carrie Easley is visiting her daughter and family, the Clifford Stevens.

Mr. and Mrs. Charles Kennedy, Robert and Richard, were Amarillo and Canyon shoppers Saturday.

Roy and Sonny Franklin of Canyon were callers in the W. R. Franklin home Saturday.

Mr. and Mrs. E. J. Mahler visited relatives in Abilene and Wichita Falls last weekend.

Miss Charlotte Adams will be hostess to a china painting party October 6 at the church with Mrs. Frank Morgan of Amarillo as the teacher. It is an all day affair

with a sack lunch at noon.

Six students from Wayside who attend the Happy school had a car wreck Wednesday evening late as they came home after ball practice. A tire blew out causing the car to leave the road, shear off a corner fence post, turn over several times and come to a stop on its top in a field near an irrigation well. The car, belonging to George Denny and driven by Mike, was completely demolished. Others in the car were Nancy Schrib, Robert and Richard Kennedy, Jerry Stevens, and Lynn Harvey. All crawled out from under the car with only small cuts and bruises and were able to return to school the next day.

Truth speaks for itself—it has no need for character witnesses.

THE CANYON NEWS

WT Speech Instructors, Students To Attend Conference in Austin

Seven members of the West Texas State College speech department faculty and three students will attend the 34th annual convention of the Texas Speech Association Thursday through Saturday in Austin.

Dr. Crannell Tolliver, head of the WT speech department, will preside at the association's sessions. He is serving this year as state president. Others from the department planning to attend are Dr. Jack Walker, Dr. C. L. Farr, Dr. Wendell Cain, Robert L. Antrim, William A. Moore, and Dr.

Gweneth Vaughan. Students expecting to make the trip are Avert Smith of Amarillo, Carolyn Bursey of Quanah, and Marcella Chandler of Littlefield.

Serves Association
Dr. Tolliver, who was vice-president of the association last year, served as executive secretary for three years and was a member of its executive council for nine years. For two years he represented Texas on the executive council of the Southern Speech Association.

About 40 speech teachers of the Panhandle area will also attend the

joint convention of the Texas Speech Association and the Texas Speech and Hearing Association, Dr. Tolliver said.

Among them are Mrs. N. N. Whitworth of Amarillo High School, who is chairman of a committee on revision of a guide for teaching, J. H. Flathers of Tascosa, Dorothy Broadway of Panhandle, and Hobart McDonald of White Deer, all members of a committee on Interscholastic League contests.

Debate Panelists
Serving on a debate critique panel will be Dr. Farr of WT and Mrs. Margaret Foster of Canyon High School.

Speaker for a dinner Friday for both organizations will be Guy Brizzell, teacher at McCallum High School in Austin. Brizzell was named "Teacher of the Year" in 1957 by McCall's Magazine.

October Meeting Of Chemists Set At WT Cafeteria

The Panhandle-Plains Section of the American Chemical Society will hold its October meeting at the West Texas State College cafeteria Saturday beginning at 6 p. m.

Preceding the dinner, which will be served at 7:30 p. m., a film, "Training in this Space Age," will be shown.

A round table discussion on "How Can the ACS Aid High School Science Education in a Space Age World" is scheduled following the meal.

Members of the society are urged to make reservations early because a large crowd is expected. H. L. Kuhrt, publicity director, said.

Last Rites Held For J. R. Petty

Services in the memory of John Riley Petty, who died here Thursday, were held Saturday at 4 p. m. in Warren-LaGrone Funeral Chapel.

Mr. Petty, who had lived here about a year, died at 5:20 a. m. in the home of his daughter, Mrs. A. R. Glenn, 2006 Fifth Avenue. Officiating at the rites were the Rev. H. V. Fields and the Rev. C. Paul Rich. Burial was in Dreamland Cemetery under the direction of Warren-LaGrone, with Mr. Petty's grandsons as pallbearers.

A retired farmer, he was a Baptist and a Mason. He had formerly lived in Littlefield and Hereford.

He was born February 16, 1875, in Pettitown in Bastrop County.

Survivors include five sons, W. J. of Portales, N. M., J. A. of Summerton, Ariz., M. P. of Odessa, P. M. of Fresno, Calif., and C. J. of Littlefield; four other daughters, Mrs. Marion East of Sacramento, Calif., Mrs. A. R. Nelson of Wellington, Mrs. Robert Foust of Lamesa, and Mrs. Garland Cox of Hereford; a brother, S. P. Petty of Friona; a sister, Mrs. Celia Clementine of Smithville; 34 grandchildren, 66 great-grandchildren, and two great great-grandchildren.

Self Infant Rites Held Here Friday

Gloria Hope Self, infant daughter of Mr. and Mrs. Steve Self of Amarillo, died Friday morning in Neblett Hospital.

Graveside services were conducted at 2 p. m. Friday in Dreamland Cemetery with Bob Wear, minister of the Church of Christ, officiating. Burial was under the direction of Warren-LaGrone Funeral Chapel.

Besides the parents, the baby is survived by a sister, Camille; two brothers, Frank and Jimmy; and the grandparents, Mr. and Mrs. R. N. Self of Tulsa and Mr. and Mrs. R. E. Prichard of Canyon.

In prohibition days the ships that passed in the night usually carried their own moonshine.

The fellow who tells a lie has to tell a thousand more just to keep that one in the dark.

You can wait for a train of thought, but don't depend on it getting there in time.

RAMBLING AROUND

DOYLE G. THOMAS

The election of a county committee to serve next year was held last Thursday in the ASC office. Representatives of the seven communities in the county made only one change from the previous committee. T. T. Triplett replaced Robert W. Foster as second alternate. John Wieck will again head the committee as chairman. Kenneth Erwin and John E. (Jack) Frost were returned as vice-chairman and regular member respectively. John Plank was reelected first alternate.

This committee has the responsibility of administering the various programs through the local ASC office. Among these are price supports, allotments and marketing quotas, Agricultural Conservation, Soil Bank, and others. The term of the committee starts October 1.

Representatives from each community who elected the committee were: Newton Crain, Lewel Johnston, S. G. Elliott, Anton Hollenstein, Bill Wood, James F. Gruner, and Harold Erwin. These representatives were elected by the farmers in the recent community committee elections.

The expected changes in the 1960 Conservation Reserve Program have been received. These changes are the result of a new law passed by Congress in the final days of their session. The method for establishing farm payment rates were changed. Under the new law the rates will be set the same way they were set last year. Yields for the past five years will not be taken into consideration and, in fact, will not have to be furnished at the time an application for a rate is made.

The time for making application also was extended to October 9.

These changes were made in the program because the Great Plains area had been hit by drought in 1955, '56, and '57 and as a result rates were very small compared to the expected yield potential from the farm.

Under the new law the county committee will set the rates on the productivity of the farm taking into consideration the type of soil, topography, etc. The average rate for the county is \$11 per acre.

Why we built two cars for 1960 . . .
as different as night and day

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. ■ One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine. ■ The other is unlike any car we or anybody else ever built—the revolutionary Corvair, with the engine in the rear where it belongs in a compact car. ■ We'd like to tell you why we built two such different cars, how we built them—and for whom we built them.

Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.

And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one kind of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary compact car in the planning stages for more than nine years.

Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional car.

That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars. One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit under the hood, a new

feeling of sumptuousness and luxury never before attained by any car in its field. There is great V8 power linked with new thrift, plus Chevrolet's superb 6-cylinder engine. It is a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any other car we have ever made.

The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be—because this is a six-passenger compact car, with a really remarkable performance . . . a car designed specifically to American standards of comfort, to American traffic needs.

The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 108-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally new—mostly aluminum and air cooled; it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six—so it is only three cylinders long . . . and that leaves a lot more room for passengers.

Another weight saving: like modern airplanes, the Corvair has no frame; the body-shell supplies it great struc-

tural strength . . . it's a welded unit that is virtually rattle-free.

The ride is fantastic. But to get it we had to design independent suspension at every wheel; conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: no other U.S. compact car will ride so comfortably, hold the road so firmly and handle so beautifully.

Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the utmost in luxury—and if you want generous interior space, breath-taking performance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice.

If easy parking, traffic agility and utmost economy are high on your list—then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's . . . take them out for a drive. It may be that the only logical choice for your family between two cars like this is—both. They make a perfect pair.

Wildcats Eke Out 7-6 Victory Over Buffs in New Stadium

Although obviously seeking a gala opening to the new Buffalo Stadium, West Texas State couldn't muster the scoring punch more than once Saturday night and dropped its second Border Conference clash of the season, 7-6, to the University of Arizona before 11,000 fans.

The Buffaloes dominated play in the second half, controlling the ball 52 of 81 downs.

The Buff score came with 2:06 left in the game when freshman quarterback Jim Dawson went over on a keeper from 10 yards out. Dawson's attempt to run for the extra points failed.

Stafford Gets Fumble
The TD came just four plays after guard Carroll Stafford pounced on an Arizona fumble on the Arizona 25-yard line.

After a Wildcat offside penalty moved the ball to the Arizona 20, Dawson passed to freshman half-back Billy Adams for 13 yards to the Arizona 7. After Adams lost three yards to the 10, Dawson worked the option to score.

Arizona's tally came late in the first half, after a short kick by Jones Hedrick carried to the WT 27.

Geist Gets Duty
It took just two plays for the Wildcats to score, with quarterback Jim Geist drawing the scoring duty. He rolled out around Buff defenders from the 10-yard line to tally with 2:20 left in the second quarter. Eddie Wilson's kick was good.

WT threatened early in the third stanza, moving the ball from their own 39-yard line to the Wildcat 7 before giving the ball up on downs. A 15-yard penalty on the Arizona 5, which moved the ball back to the Arizona 20, stymied the drive.

Big gains in the drive were turned in by Adams, Dawson, and halfback Ned Jolly. Adams skirted end for 14 yards on one play, while Dawson and Jolly each turned in fine 10-yard scampers to keep the drive alive.

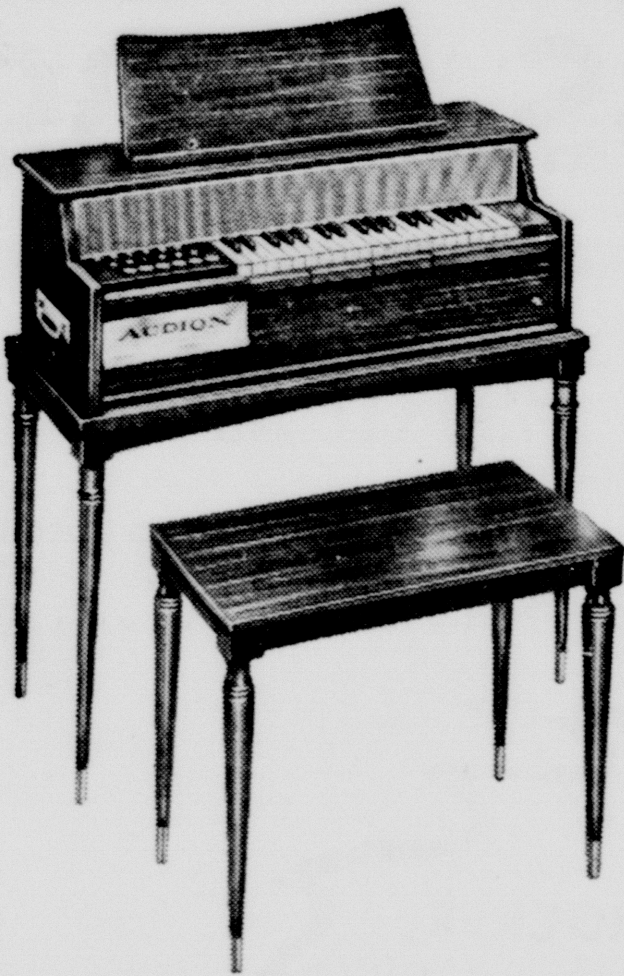

Fourth Period Drive
The Buffs mounted a drive in the fourth stanza before scoring which kept Buff fans' hopes alive. This time the Buffs penetrated to the Arizona 5 before losing the ball on downs.

This short drive was set up by a fumble recovery by center Jerry Hill on the Arizona 24. On the play after the recovery, fullback Ray Powell carried for 12 yards to the Arizona 12. Four stabs at the Arizona line netted only seven yards, however, and the Buffs had to relinquish the ball.

Before scoring in the second period, Arizona moved to the WT 15 before being penalized 15 yards for holding. On the next play, Jolly intercepted a Geist aerial on the WT 18 and returned it to the WT 43 to get the Buffs out of the hole.

Again in the third quarter the Wildcats threatened, but guard Wayne Parker supplied the stopper when he recovered a 'Cat fumble on the WT 10. Arizona had driven from the 50-yard line.

Fairview Breezes

By MRS. J. W. WESLEY

E. P. Wesley suffered a stroke September 18 and was rushed to St. Anthony's Hospital in Amarillo. All of his children were notified and came in, but he was in improved condition by Monday.

Visiting him in the hospital were Mr. and Mrs. E. M. Wilson, Mr. and Mrs. G. E. Wesley, Mr. and Mrs. J. W. Wesley, C. P. and Frank Rogers, and Mrs. Ella Hext.

Mr. and Mrs. J. W. Wesley, C. P. and Frank Rogers attended the Miller reunion at Brownwood Lake Friday, Saturday, and Sunday. They visited Mr. and Mrs. S. F. Sharpes and Pat Allen and children enroute home.

Mr. and Mrs. J. W. Wesley and Frank Rogers attended the football game between the Hereford Whitefaces and the Plainview Bulldogs in Plainview Friday.

Mr. and Mrs. Bobby Gauthreaux and Nan are planning to visit her parents, Mr. and Mrs. H. H. Shipman, soon.

C. E. Castleberry is now living with his niece, Mrs. Albert Wesley.

Guests in the G. E. Wesley home were Mr. and Mrs. T. J. Myers of Canyon and Mr. and Mrs. H. H. Shipman. They played "88" and had a watermelon feast.

C. P. and Frank Rogers were in Amarillo and Plainview Saturday.

Betty and Patricia Patterson visited their parents, the John Pattersons, recently.

Mrs. E. W. Schaeffer entertained the Tongue and Thimble Club September 17. A social hour was enjoyed by all present. Our next meeting will be with Madge Sutton the first Thursday in October. Bring your good ideas for making Christmas presents.

We enjoyed the fine sermons by our pastor, Charles Pierce, Sunday morning and evening. The Pierce family visited Mr. and Mrs. John Patterson.

Postmaster Tells Of PO Services For Collectors

Postmaster Marion Higdon has issued a bulletin calling attention to the Post Office Department's role in Philately, or stamp collecting.

Although its first job is to deliver the mail, the department realizes it has another job in supplying the nation's stamp collectors with stamp issues.

To do this, the Post Office Department maintains a Philatelic Sales Agency in Washington, carrying a selected stock of recent regular issues and commemoratives for sale across the counter or through they may write to Washington.

LEGAL NOTICE

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: REX L. ROLLINS, GREETING:
You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 16th day of November A. D. 1959, at or before 10 o'clock A. M. before the Honorable 47th Judicial District Court of Randall County, at the Court House in Canyon, Texas.

Said plaintiff's petition was filed on the 3rd day of August, 1959.

The file number of said suit being No. 3827.

The names of the parties in said suit are: Charlene Irene Rollins as Plaintiff, and Rex L. Rollins as Defendant.

The nature of said suit being substantially as follows, to wit: Suit for divorce, on the grounds of cruel treatment.

If this citation is not served within ninety (90) days after the date of its issuance, it shall be returned unserved.

Issued this the 28th day of September, 1959.

Given under my hand and seal of said court, at office in Canyon, Texas, this the 28th day of September, A. D., 1959.

MAVIS HILL, Clerk
47th District Court,
Randall County, Texas
2514 (SEAL)

the mail. Local post offices also carry stamps of interest to collectors.

If collectors cannot find what they want at their local post office, The address is Philatelic Sales Agency, Post Office Department, Washington 25, D. C. Higdon said.

A copy of the Post Office Department booklet "Postage Stamps of the United States, 1847-1957" may be obtained from the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C. Cost is \$1 a copy.

The 248-page bulletin describes and illustrates every United States postage stamp issued and gives a wealth of other information of interest to collectors. A supplement to the bulletin is also available from the printing office.

Anyone desiring additional information may call OL5-2507.

King, Oler Plan October Wedding

The engagement of Jackie King to Dub Oler, of Happy, son of Mr. and Mrs. J. L. Oler of Happy, has been announced by Mr. and Mrs. J. L. King of Canyon. Vows will be read October 17 at 5 p. m. in the home of Mr. and Mrs. Gordon Williams. A reception will follow in the home of the bride's parents, 1400 Seventh Avenue. Friends are invited to the reception.

Walton Selected As Director of Traffic Society

Cecil Walton, associate professor of business, who heads the School of Business' transportation division at West Texas State College, has been elected to the board of directors of the Amarillo Traffic Club.

The organization, which includes as members of traffic and operations managers of carriers and shippers of the Amarillo area, has a board of three members.

A four-year scholarship, given annually by the club, has been awarded to James Avery of Amarillo, a freshman at WT. The award goes to an outstanding Amarillo high school graduate who is interested in the field of transportation.

ELECTRIC Clothes Drying is BEST because...

ELECTRIC CLOTHES DRYERS ARE SAFE
No fumes — no dangers of explosion.

ELECTRIC CLOTHES DRYERS ARE FAST
No scorching — no yellowing — just the best drying.

ELECTRIC CLOTHES DRYERS ARE CLEAN
Your clothes stay as clean as they came from the washer. Your clothes look cleaner — smell cleaner — are cleaner.

ELECTRIC CLOTHES DRYERS ARE HEALTHFUL
You can dry clothes in any kind of weather — no going out on cold, damp, blustery days to hang clothes or bring them in.

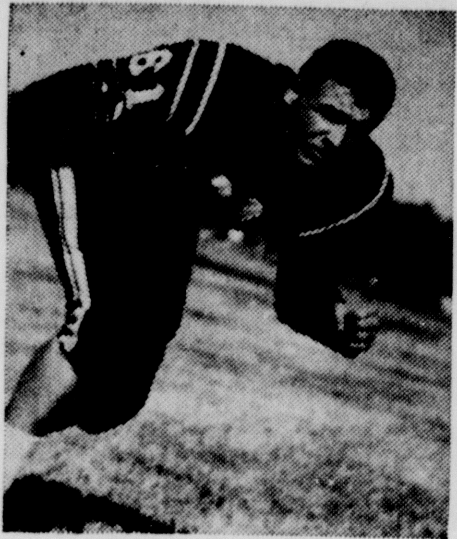

ELECTRIC CLOTHES DRYERS ARE CONVENIENT
Clothes can be dried any time — day or night, regardless of weather of any other conditions. No need to lift and carry heavy baskets of clothes.

ELECTRIC CLOTHES DRYERS ARE ECONOMICAL
They cost less to buy — less to install — and less to maintain. You save dollars — not pennies — with an electric clothes dryer.

EAGLES NEED PASS RECEIVER TO MERIT STATE AA RANKING

By OSCAR GRIFFIN

The Canyon Eagles lost their hold on a state AA ranking this week, and it couldn't have happened to a nicer team.

Not that there's anything wrong with being ranked sixth in the state—it's pretty nice for the town. But it seems to me that it places an extra bit on tension on a team that really isn't necessary. Especially since that team isn't picked by the "experts" to win its district.

The only bad part of the Eagles losing their ranking is that Dumas knocked them out of it. I still think Canyon has a two-touchdown better team than Dumas. A couple of miscues last Friday night were the reason the Eagles didn't win by two TDs.

There seems to be one thing the Eagles are short on, however, and this is the emergence of a capable pass receiver. The Eagles had their best receiving night against Dumas, completing seven of 15 passes, but too many passes were dropped by the receivers.

Jim Marrs, sophomore halfback, is the lad who has impressed me most as a receiver. All of his catches have gone for 15 or 20 yard gains, and one for a touchdown.

John Wear, who seems to have a knack for getting a step ahead of the defenders, is improving, but so far hasn't caught that long ball that puts six points on the scoreboard.

Unless Coach Bill Davis can come up with someone who can snag those touchdown passes, as thrown by senior quarterback Jerry Richardson, it appears that the Eagles will have to depend on short tosses and the breakaway running of either Marrs or fullback Chuck Nester, who also is a pretty good receiver.

If one of the Eagles should suddenly emerge as an outstanding pass receiver, making the team a threat via the air lanes as well as the ground, then it would be natural for them to have a spot in the top 10 AA squads in the state.

If a receiver comes along, it will make the Eagles a pretty rugged outfit, worthy of being ranked sixth in the state.

The Wellington Skyrockets, who the Eagles play Friday night at the new Buffalo Stadium, seem to do pretty well with the long pass.

The Skyrockets' score against Lefors last week was set up by a 65-yard pass play, and another 10-yard pass posted the six points on the scoreboard. Another pass for the extra points put Wellington ahead to stay.

The Eagles have a better than average pass defense so maybe the Wellington aerial offense won't do the damage it did to Lefors.

Here's how I'm going to lose my money this week:

Wellington at Canyon—The first-of-the-week dopesters figure the Skyrockets as a pushover for the Eagles. I've been wrong on the Eagles the past two weeks (and this week might not be any different), but I can't picture Wellington as conceding the game before it's played. However, I'll have to take the advice of the "experts" and string along with the Eagles this week.

Happy at Claude—The Cowboys beat Silvertown last week with two first-stringers and four second-stringers sidelined because of an auto accident. Coach Jodie Mahan has himself a nice little powerhouse which Claude won't be able to stop.

Tulia at Hale Center—The Hornets learned a lesson last week at Phillips and will go about educating Hale Center this week.

Other games:

Dimmitt over Muleshoe.

Floydada over Lockney.

Dumas over Dalhart.

Phillips over Perryton.

Sunray over Friona.

Last week's results: seven right, three wrong. But like the man said, "Things could always be worse. Thirty years from now speeders will crash in the sky and fall on pedestrians."

South Zone Dove Season Opens Oct. 1; Supply Good

AUSTIN — The mourning dove season begins in the South Zone of Texas October 1, with a bountiful supply, according to the director of law enforcement of the Game and Fish Commission. The season will end November 19, except in the Valley counties, where shooting of mourning doves was permitted during the three day white-winged dove season. In these counties the season will end November 16.

The North Zone season which began September 1, will end October 20. Hunters are still making favorable reports in the North Texas area.

The work of cooking a meal, a woman novelist writes, is like a closed circle, completed and gone, leading nowhere. And again, it is like feeding coal to an engine for the sake of a great run. "But what," she asks, "would be the imbecile torture of coaling an engine that had no run to make?"

The woman who sees household duties as "a closed circle, leading nowhere," has poor insight indeed into the importance of a real home center. Even though her job of preparing and cleaning up after meals grows tedious at times, the priceless sense of security that comes to husband and children from her daily routine is a reward that leads straight to the heart.

A warm supper on a chilly night, the tantalizing aroma of home-made soup or baking bread, the brightly lighted dining room with its cheerily set table — these say "home" to her family more eloquently than all the other domestic comforts and luxuries stacked together. And coming at the end of a day, this opportunity for the clan to gather in its own closed circle under happy circumstances rubs out whatever disappointments and embarrassment or pain the day may have held.

The writer's second figure seems to us more suitable. A woman can see real challenge in "stoking the engines" of spouse and small fry. Young dynamos of energy burn up lots of fuel in the course of a busy day. It's reassuring for a mother and wife to know that she has the power to replenish that fuel in so pleasant a way. For her loved ones, there's always a great run ahead.

FHA Members See Style Show

A style show highlighted the Future Homemakers of America meeting of the Canyon chapter Thursday evening when the third year homemaker students modeled ready-to-wear garments from Warren's and Dan's Store.

Miss Dorothy Higdon, president of the chapter, was mistress of ceremonies. She wore a chiffon evening gown from Warren's. Others modeling sports to formal evening gowns from Warren's were Sue Cheatham, Mary McKay, Linda Burgess, Polly Cummins, Karen Parker, Nancy Cleavinger, Marilyn Winn, Jo Hutton, Maritta Gill, Peggy Hales, and sister, Sandra Barger and sister, Stephanie Conboy, LaVonne Patterson, Edna Lewis, Jo Ann Thompson, Billie Miller, Kathryn Winstead, Kay Boydston, Gayle Rogers, Bobbie Whitely, and Pat Haley. Sharon Abbott was stage manager.

Dan's Store presented garments made from fabrics and patterns which are found in the fabric department. Marion Henson, vice president of FHA, and Mrs. Michael Morris were commentators for this part of the style show. The models were Lynn Larson, Linda Lowes, Sue Ragle, Rose Ellen Parker, and the Morris brother and sister team.

Installation of officers followed the style show. A formal candle lighting ceremony was held. Miss Sarah Ragle gave a report on the national FHA meeting in Chicago and closed the meeting with a devotional which was used at the Chicago convention.

Newcomers To Canyon

Mr. and Mrs. John H. Stendbach, 2416 Sixth Ave., from El Paso.

Mr. and Mrs. Anderson M. Sanderson and children, 1807 Eighth Ave., from Arlington.

Mr. and Mrs. Raymon Draper and Sharon, 2604 Sixth Ave., Apt. 4, from Amarillo.

Even a sincere peacemaker is occasionally accused of butting in.

SOIL CONSERVATION DISTRICT NEWS

Farmers and ranchers living in the northwest portion of the Randall-Potter Soil Conservation District will have an opportunity to vote for a supervisor for that area.

The election for a supervisor in sub-division 5 will be held October 6 at 8 p. m. in the Bushland school. Sub-division 5 in the Randall-Potter Soil Conservation District comprises all of that land west of U. S. Highway 87 and north of Farm Road 2219 (City Lake Road) to the breaks in Potter County.

To be eligible to vote in a Soil Conservation District supervisor's election a person must: 1) be a resident of the district; 2) own agricultural land within the sub-division where the election is being held; and 3) have attained the age of 21 years.

No poll tax is required. Under community property laws of the State of Texas the wife of a landowner also owns land and is entitled to vote and hold office.

Soil Conservation District supervisors serve a term of five years. John Brazzil, Randall County agricultural agent, will be in charge of a short program.

Sgt. Brown Enrolled In Spanish Course At Monterey School

M/Sgt. Curtis L. Brown, formerly with the Reserve Officer Training Corps at West Texas State College, has enrolled in a six-month course in Spanish at the Army Language School in Monterey, Calif., it was announced this week.

The sergeant and his family left Canyon several weeks ago for the course. Upon completion of the training, he is to be transferred to Bogota, Columbia.

Sgt. Brown and his wife, Delois, are residing at 1455 Waring Street, Seaside, Calif., at the present.

Baptists Ratify Largest Budget

The largest budget in the history of the First Baptist Church was approved by the congregation Sunday after being submitted by Don Standley, chairman of the budget planning committee.

An attempt was made this year to make the budget comprehensive of all church organizations. The needs of each organization were studied carefully, Standley said, with provisions made for the expansion of each.

A sizeable item was included for continued payment on the educational property built in 1955. Standley's committee also recommended that the church increase the cooperative program gifts by two percent of the total budget.

A breakdown of the budget shows the following totals under four major headings: missions, \$26,471; building, maintenance and equipment, \$35,262; education, promotion, and operating expenses, \$13,450, and administration, \$29,625.

The budget was prepared for the 1960 calendar year. It also was announced that the Baptist Church will observe Pledge Day on October 18 and Victory Day on October 25.

Bushland Field Day Slated Tomorrow

Randall County farmers are urged to attend a field day tomorrow at Bushland Experiment Station, according to John Brazzil, county agricultural agent.

The annual event will begin at 1:30 p. m.

Brazzil said farmers would have an opportunity to see results of experiments during the past year at the station. Experiments to be shown involve grain sorghum varieties tests, irrigation, pasture grasses for the tours, soil erosion, and livestock testing.

Brazzil will be one of the guides

Tenderfoot in Europe Shown to Pioneers

The Social Pioneer Club viewed the picture "Tenderfoot in Europe" at the meeting Thursday evening in the Farm Bureau building.

Fifty members and guests attended the covered dish supper and the showing of the film.
